**Welcome Home!**

Above: (1) Mrs. Leffert and Mrs. McMillan lead KGreen in a discussion on baptism during their unit of study on sacraments. (2) 5th graders lead a Stations of the Cross service, entitled *Step Up for Jesus*, for JK-4th grade students this morning.

## School Updates

There are so many exciting events and plans in the coming months! There will be six different public exhibitions of learning taking place this trimester. These exhibitions afford our students the opportunities to demonstrate a variety of skills and learned content for their peers, parents, and community members. Next week will feature the 6th grade Invention Convention and the 7th Grade Science Fair. Other grades will be sharing their learning on topics like Saints, animal research, favorite storybook characters, business and economics, and energy transfer.

Sacramental preparation also continues with the 2nd grade First Communion Workshop this weekend, and 7th graders will begin formation for Confirmation after Spring Break. Our 6th, 7th, and 8th grades will have a middle school retreat day the week of March 11, which will be facilitated with a special group of young missionaries from NET Ministries. These young adults are from all over the country and strive to help adolescents grow closer in relationship to Christ. Extracurricular events can be found at every turn, too, and there are many engaging field trips planned for the spring. Lots of learning and growth ahead!

---

## Handbook Highlight

### **Section 19: Grading Policies**

Report Cards include “essential” or “priority” standards which are the most important for grade level promotion. The progress made that term on each essential standard will be noted for all stakeholders to view on the report card...
